

Tets108 Kenneth Thomas feat. Betsy Larkin

Artists: Kenneth Thomas feat. Betsy Larkin

Title: Stronger Creature

Release: November 2008

About:

Kenneth Thomas comes up with a captivating vocal-trancer that stands out with a catchy melody that keeps floating in your mind. The sound is piercing softly but determined body and soul. Betsy Larkin's crystal clear and elegiac vocals are delicate and strong at the same time.

Kenneth Thomas and Tetsuo form a perfect match as both stand for emotional melodies and deep, resonant sound. The vinyl includes four remixes. Darude's mix is a fast and pumping big room-tune. Talla 2XLC has a smoother approach that brings out perfectly and skilfully the entire enchantment of sound and voice. Synthie-elements and Betsy's voice form a wonderful melancholy that define the Kenneth Thomas version. Dirty Freqs create a lively and sprightly atmosphere with their "vox mix" that easily washes away all nostalgic features with a slight housy touch. Enjoy your trip to a stronger creature.
