

# Tets116 Talla 2XLC - The spirits within (the spirit series part1)

**Artist:** Talla 2XLC  
**Title:** The spirits within  
**Release:** 23rd July 2010

## Info:

Talla 2XLC is back with a brandnew single! "The spirits within" is a far more progressive track from his typical uplifting style. A track with real excitement and energy, a killer hook melody with tight, punchy percussion makes this a delight and a real floor mover. The mixes of dutch progmaster Ummet Ozcan and germanys producerteam "dito" bring this tune to another level! Adding techy elements to the original's strong lead, Talla presents another big choon for global players. Already featured on ASOT 459!

## Comments:

### Johan Gielen

Ummet Ozcan rmx for me full support on this monster !

### Dash Berlin

Ummet's remix does it for me.

### Mark Arbor

My pick for this release is the Ummet Ozcan Mix. Nice beat with a tribal-like loops make it sound like a huge bigroom dancefloor killer. Will support both tracks.

### Nish

Good! I'll play Ummet Ozcan mix!

### Suzy Solar

### Taj
