Artist: Majai
Title: Phoria

About:

Majai, the Washington, DC-based DJ and production team of Mark Kruger and Anna Sennikova, are soaring into 2008 on a wave of recognition which has been steadily building since their first collaboration "Change My Mind" gained some radio attention in '04. Since then, the duo have worked tirelessly to perfect their sound, releasing "Lightwave" in 2007 with remixes from Airbase, Mike Foyle, and Perfecto's Kenneth Thomas. With a transcendent yet melancholy vocal from Anna, "Lightwave" has seen radio, club and festival plays from some of the biggest names in trance, including none other than DJ Tiesto. Now, with a residency at one of DC's leading venues, DJ dates popping up all over the US, Canada and Europe. Now at "Tetsuo", Majai is ready to release their newest single "Phoria" with incredible mixes from DJ Shah, Elevation, Airbase, Jorn van Deynhoven, DJ Eco, and Peter Wibe & John Enola. Majai is set to become one of the most in-demand new artists in 2008!
